

# IBM SPSS Amos Installation Guide for Microsoft Windows

### Preparing for Program Installation

- The IBM SPSS Amos version 29 can only be used within Mahidol University's network.
  To use the program outside of the university's network, you must connect to the university's VPN system before accessing the software.
- The license is provided as a Concurrent User. If the maximum number of users has been reached, you will not be able to access the program. It is recommended to try again later.
- Users can check the system requirements for installing IBM SPSS Statistics version 29 on the product owner's website at this URL:

https://www.ibm.com/software/reports/compatibility/clarity/softwareReqsForProduct. html

- Ensure your computer is running Windows 10 or later.
- Your computer must be connected to the Mahidol University's network.

#### Downloading the License Software

 Download the IBM SPSS Amos version 29 installer from the Software Download system (Intranet only) : https://softwaredownload.mahidol.ac.th/

#### Installation steps

1. When the installer is downloaded, extract the IBM SPSS Amos For Windows.zip file.

## 2. Extract the zip file, you will find the Amos29.exe installation file

Name	Date modified	Туре	Size
🚭 Amos29.exe	28-Feb-24 19:03	Application	180,607 KB

3. Right-click the Amos29.exe file and select Run as administrator.

4. The InstallShield Wizard window will appear. Click Next.

5. The Software License Agreement window will appear. Review the terms and usage rights, then select I accept the terms in the license agreement and click Next.
